

Refuelling benefits for members

We chose The Fuelcard People as our strategic fuel card partner for the unbeatable combination of benefits they can offer members.

Savings

Ignore the prices on diesel and petrol pumps. With a fuel card from The Fuelcard People, you enjoy fixed weekly pricing. Anywhere in the country, you pay the same price – typically, up to 4p per litre less than pump prices. Also, the gap between refuelling and direct debit payment means up to a fortnight's interest-free credit. Plus, your fuel purchase paperwork all vanishes, replaced by a single weekly invoice, saving untold administration time.

Service

The Fuelcard People will help you to choose the best fuel card for your particular needs, from the UK's widest range, rather than pushing you towards a pre-decided product. Then, if you ever need to talk to them, forget about anonymous call centres: just call and ask for your dedicated account manager, Steve Gale. Outside office hours, you can access your account details – including the latest transactions – 24/7 via secure Internet.

Security

All fuel cards provided by The Fuelcard People are protected by PIN security. If a card is lost or stolen, it is completely useless to anyone else, as it is tied to a specific driver or vehicle. It can only be used for refuelling, removing the possibility of unauthorised purchases, which can happen with credit cards.
